

PORTOFOLIO

AMAR FAUZI

Hello & Welcome To My Portofolio

I'm Amar Fauzi

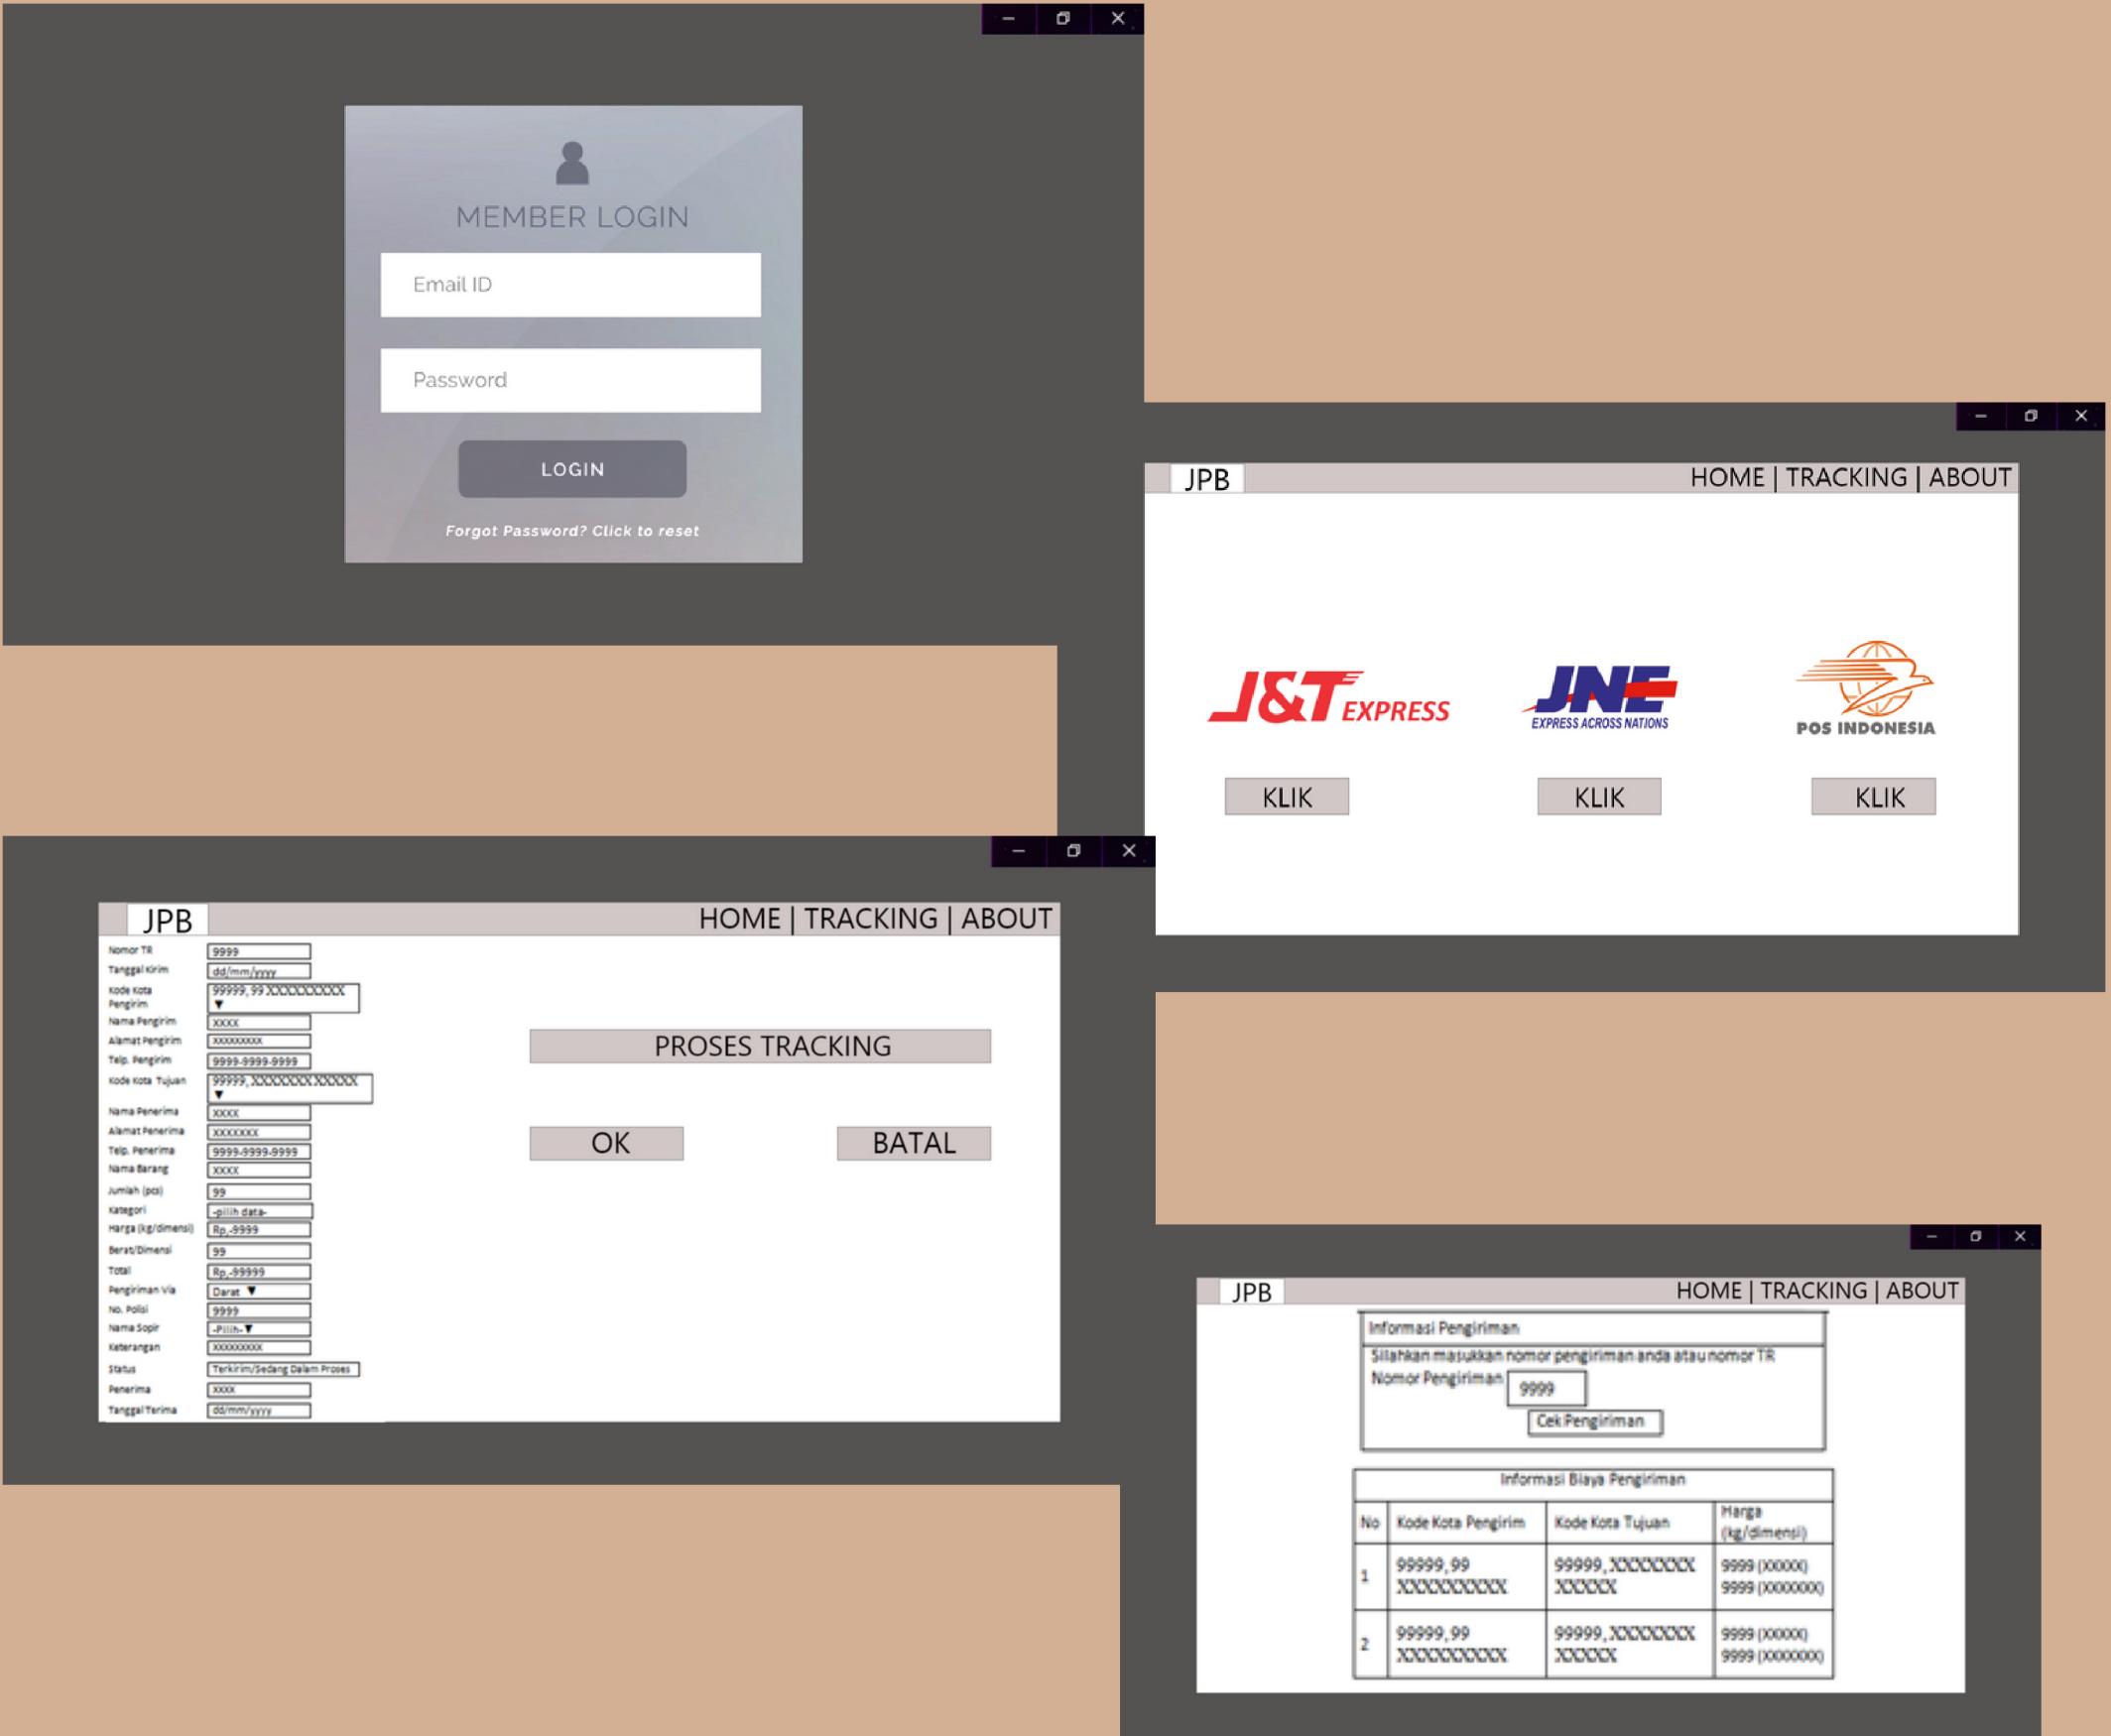

I am a third year student at the Indorama Engineering Polytechnic, a Software Engineering Technology study program. In my study I studied Microsoft Office, Linux Ubuntu, Visual Studio Code, Visual Studio, Android Studio, Star UML, Adobe XD. I am interested in analyzing and design. I am also a hard worker and responsible, able to work in a team or individually and also able to work under pressure.

UI DESIGN DESKTOP APP

TOOLS: FIGMA

JPB Desktop

JPB is a delivery service application, which I use to make case studies on UI/UX design

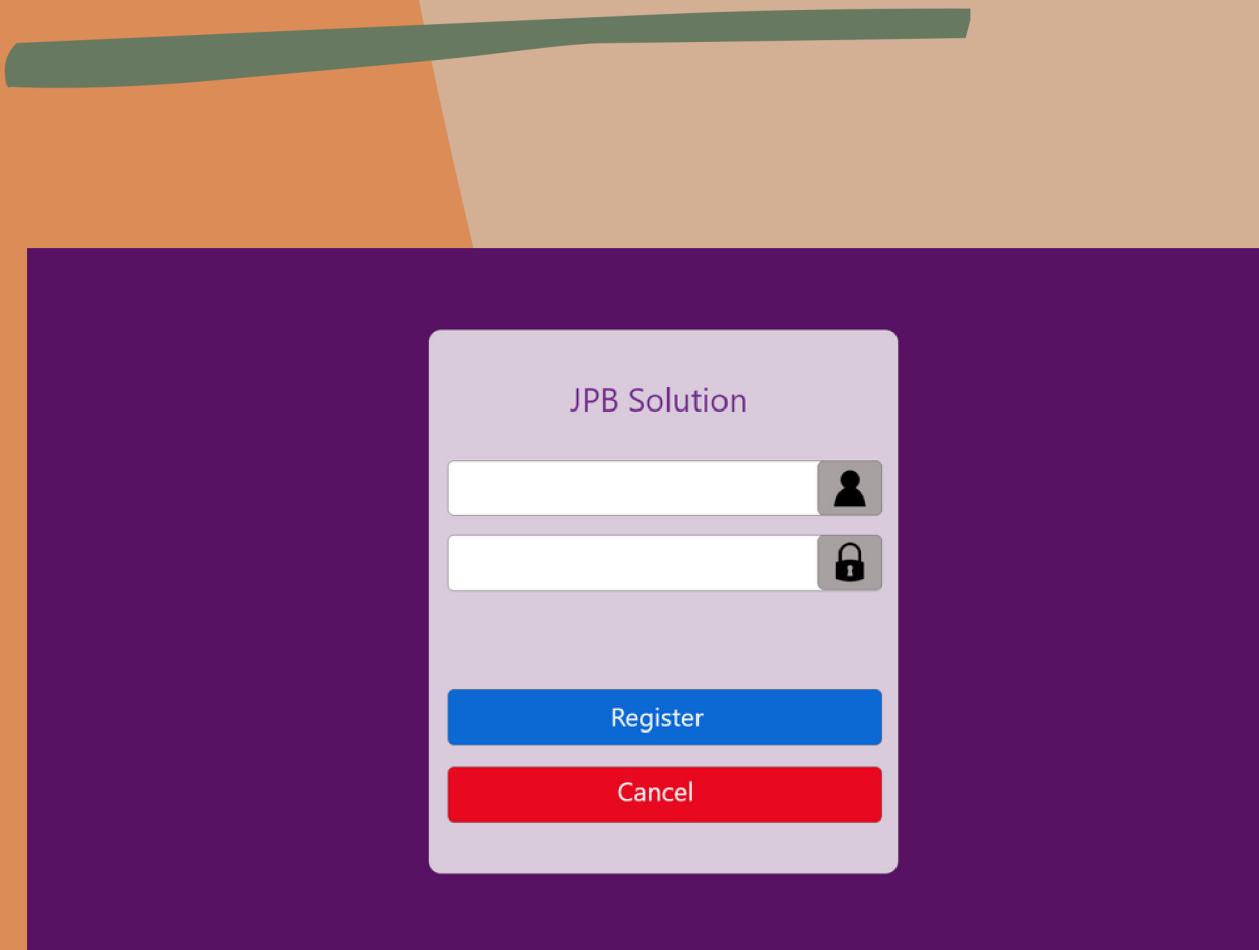

WEBSITE SYSTEM

LANGUAGE: HTML, CSS, BOOTSTRAP
4, PHP, MY SQL

JPB is a delivery service application, which I
use to make case studies.

The dashboard has a dark grey sidebar on the left with icons and links: "JPB Solution" (selected), "Admin", "Dashboard", "Barang Pengiriman", "Data User", and "Logout". The main area is titled "Dashboard" and shows three cards: "Pesanan" (0), "Barang Pengiriman" (0), and "Data User" (0). Each card has a "More Info >" link. A large blue "JPB" logo is centered at the bottom.

MOBILE APPS

LANGUAGE: KOTLIN,XAMARIN

Mobile application about majoring in software engineering technology

The image displays three screenshots of the TRPL_Profil mobile application, which is a digital platform for the Faculty of Electrical Engineering and Technology at Politeknik Enjineering Indorama.

Screenshot 1: This screen shows the main menu with sections for **PROGRAM**, **ANDROID APP D**, **WEB DEV.**, and **WEB DES.**. It also features a banner for the **TRPL TRAINING CENTRE**.

Screenshot 2: This screen displays academic schedules for **Semester 1** and **Semester 2**. The Semester 1 schedule includes:

KD	MATA KULIAH
SE101	Algoritma Pemrograman
SE102	Aljabar Linear
GC101	Bahasa Inggris 1 (VOCAB)
SE103	Kalkulus
SE104	Komunikasi Data & Jaringan Komputer
SE105	Pengantar Teknologi Informasi & Komunikasi
SE106	Praktek Magang DTY 1
SE107	Sistem Operasi
SE108	Praktikum Pengantar Teknologi Informasi & Komunikasi
SE109	Praktikum Sistem Operasi

Screenshot 3: This screen shows the **Staf & Dosen** section, featuring a profile for **Muhammad Nugraha, M.Eng**. It includes his photo, academic details, and a link to his profile.

CONSOLE PROGRAM LANGUAGE: C++

BASIC C++

Applications A collection of basic c++ features such as the use of Operators, Loops, Pointers, Arrays, Structs and Queues

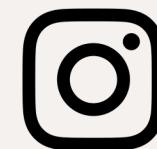

```
Jumlah Barang      :1
Harga Bayar        :5000
